

DIGITAL TIMER INSTRUCTION MANUAL

COUNT DOWN MODE

1. Time is set by the "SEC" & "MIN" buttons.
2. The time will reset to 00:00 if "SEC" & "MIN" are pressed at the same time.
3. To start the timer, press the "START/STOP" buttons.
The LCD screen will display the chosen minutes and seconds.
4. When the countdown time is reached, the LCD screen will display 00:00, and the alarm will start to beep for 64 sec.
Press any button to stop.
5. The preset time will appear on the LCD screen when the timer reaches 00:00 or when the alarm signal is stopped (press "START / STOP").

COUNT UP MODE

1. The count up timer can be set up for up to 99 minutes and 59 seconds.
2. Press any button to stop the timer from continuing to count up.
3. Press MIN/SEC at the same time to reset.
